Customer Loyalty Cards

The General Data Protection Regulation (GDPR), which comes into effect 25 May 2018, puts requirements on us as to how we communicate with our customers.

All our data is stored on secure servers and/or our secure locked office, it is never shared with third parties for any reason and is only used to send information such as occasional newsletters, offers and promotions.

We've updated our privacy policy to make sure we are in line with the new legislation taking effect and we want to reassure you that the only data we hold is what you provided on the original application.
